

School of Kinesiology Graduate Student Request to Register for GRAD 999

The School of Kinesiology allows a maximum of two registrations of GRAD 999. Registration for GRAD 999 should be used only when circumstances warrant it, and has to be approved by the DGS prior to registration. If students consider to register for GRAD 999, they need to contact the Coordinator for Graduate Studies and file for approval from the DGS. It must not be used as a mechanism for maintaining active status without making progress toward completing the degree.

Students should not register for GRAD 999 if they hold an assistantship, need to maintain legal visa status, defer loans, receive financial aid, or for any reason other than to meet the registration requirement.
